With the Doc.CH grant, the Swiss National Science Foundation (SNSF) funds promising researchers in the humanities and social sciences to write a PhD dissertation on a topic of their own choice. The application process is competitive and requires careful preparation. In this workshop, we will work through the essential preparatory steps, from coming up with a fitting research question, to writing a detailed research plan and budget, ending with the work on ancillary documents such as your CV.

This workshop is aimed at advanced MA students who wish to apply for the SNSF Doc.CH spring or autumn 2024 deadline.

Please register via KSL by Monday, 3 November (root number: 485965)
This is a CSLS workshop. MA students will receive 0.5 ECTS for active participation.
